REPORT OF AN AUDIT OF THE GENERAL ACCOUNTS OF THE TOWN OF HARWICH

To the Board of Selectmen

Mr. Jabez W. Crowell, Chairman
Harwich, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the general accounts of the Town of Harwich for the period from January 1, 1938, and of the Collector's accounts for the period from April 5, 1938, to December 7, 1938, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the general accounts of the Town of Harwich for the period from January 1, 1938, and of the collector's accounts for the period from April 5, 1938 to December 7, 1938, and report thereon as follows:

The records of the financial transactions of the several departments receiving or disbursing money for the

town, or committing bills for collection, were examined and checked.

The ledger accounts kept by the town accountant were analyzed, the appropriations and transfers being checked with the town clerk's records of town meetings and with the records of the finance committee. Balance sheets, which are appended to this report, were prepared showing the financial condition of the town on December 7 and 31, 1938.

The books and accounts of the town treasurer were examined and checked. The cash book additions were verified, and the recorded receipts were analyzed and compared with the records in the departments making payments to the treasurer. The payments by the treasurer were compared with the selectmen's warrants authorizing the disbursement of town funds.

The treasurer's cash balance on December 7, 1938, was proved by actual count of the cash in the office and by a reconciliation of the bank balance with a statement furnished by the bank in which town funds are deposited.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the canceled securities on file.

The savings bank books and securities representing the investments of the various trust funds in the custody of the town treasurer and of the trustees were personally examined, the income being proved and the transfers to the town being verified.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, and the tax titles on hand were listed, proved and checked with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The taxes and assessments out-

standing at the time of the previous examination were audited and all subsequent commitments were added and reconciled with the assessors' warrants for their collection. The payments to the treasurer by the collector were checked to the treasurer's books, the abatements as recorded were compared with the records of abatements granted by the assessors, and the outstanding accounts were listed and proved.

The commitments of departmental and water accounts receivable were examined and checked. The recorded receipts were checked with the payments to the treasurer, the abatements as recorded were compared with the records in the departments authorized to grant abatements, and the outstanding accounts were listed.

Verification of the correctness of the outstanding tax, assessment, departmental, and water accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of licenses issued by the town clerk and the health department were examined and checked, and the payments to the State and the town were verified. It is recommended that the board of selectmen keep a record of all licenses and permits issued by that board in order that income from this source may be properly audited.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

In addition to the accounts mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined and checked in detail.

Appended to this report, in addition to the balance sheets, are tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, assessment, tax title, departmental, and water accounts, as well as tables

showing the condition and transactions of the various trust funds.

While engaged in making the audit, co-operation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

REPORT OF THE BOARD OF WATER COMMISSIONERS

To the Citizens of the Town of Harwich:

We herewith submit for your approval our annual report of the Water Department of Harwich, Massachusetts, for the year ending December 31st, 1938.

The administration of the Department during 1938, the second year of operation, has been carried on with the same personnel as in 1937, namely: Board of Water Commissioners—George D. Maxwell, Chairman; Walter E. Cahoon, Secretary and Theron C. Holmes. Lewis A. W. Swett, Superintendent and Norwood W. Bee, Clerk & Collector.

Again, we are pleased to report the required pressure has been maintained throughout the year with no breaks or leaks in the water mains. A few minor casualties have occurred such as frozen services, meter repairs, etc. which have been quickly remedied without interruption of service.

We were very fortunate to escape the fury of the hurricane of September 21st. Our pumping equipment is designed and arranged so that we are able to pump water without the aid of electric service. This setup proved its value during the storm as water was being pumped during the interrupted electric service.

Samples taken from our water supply and submitted at regular intervals throughout the year to the State Department of Public Health for tests, continue to show the all around excellence of our water supply as manifested by the monthly reports from the State showing high quality and proper ingredients, freedom from contamination and no treatment of the water found necessary to date.

Considering we are only in our second year of existence, the year 1938 has been unusually active in new con-

struction and installation of services and the records indicate we have had a most successful year.

EXTENSIONS

The Oak St.-Park St.-Pleasant Lake Ave. loop was completed by laying a 6 inch pipe from the dead end on Park St. to Pleasant Lake Ave. thence along Pleasant Lake Ave. and connecting to the 10 inch main on Main Street at the Exchange Building.

The 8 inch main on State Road in South Harwich, which terminated just west of the barrel factory, was extended along State Road to the residence of Otto Becker.

Both of these extensions were done with W. P. A. labor in conjunction with the Water Department labor.

At the Town Meeting in February, 1938, the Water Department was allotted \$1,000. to be used for extending mains to reach new customers without the necessity of calling a special Town Meeting for this purpose. During the year the Department made three such extensions, namely:

2 inch main on Wyndemere Ave.; extending from State Road to the Campbell residence.

8 inch main on Sisson Road extending to the house owned by Charles Allen.

2 inch main on Depot Road, So. Harwich, extending to the residence of Albert Hardacker.

The income from each extension is at least 6% of the total investment of the extension.

ELEVATED TANK

In accordance with their agreement to repaint portions of the Elevated Tank which had not stood up well, the Chicago Bridge & Iron Works repainted these portions at their own expense. At the time this work was being done it was considered advisable to do the remaining portions of the tank so that the complete surface would have a new coat of paint and the entire structure would be harmonious in appearance. This extra work cost the town \$175.00

SERVICES

Due to the two major extensions and the several emergency service extensions to the system along with the failure or breakdown of numerous private water pumping units, the Department has installed 58 new services during the year. The water takers have also materially increased from a 1937 maximum of 136 takers in comparison to 237 takers as a maximum during 1938.

SUMMARY

The gross income for the second year in succession has exceeded the maintenance and operating expenses of

the Department by a comfortable margin. The annual growth of the department from year to year will gradually build up this margin of profit. The Board has worked in complete harmony throughout the year and sincerely hopes it has merited the faith and loyalty of the citizens of the Town in our efforts.

Respectfully submitted,

GEORGE D. MAXWELL,
THERON C. HOLMES,
WALTER E. CAHOON,
Board of Water Commissioners.

A detailed statement of the number of cases brought before the Court is hereby submitted, together with a statement of other activities.

In July a two way radio system was installed in both the Station and cruising car. This system has enabled the officer at the desk to keep in constant touch with the cruiser and thus enables the patrolmen to be dispatched to the scene of an accident or fire at once, and during the hurricane period many messages were received and deliv-

ered to anxious relatives.

I am pleased to report that we did not have a fatality during the year.

As usual this Department has carried on the inspections of closed summer estates.

The Department wishes to extend its appreciation to all those who assisted and co-operated with it during the past year.

TOWN CLERK'S REPORT

ANNUAL TOWN MEETING

FEBRUARY 7, 1938

Article 1. To choose on one ballot the following Town Officers and Committees: Town Clerk, Town Treasurer, Tax Collector, for one year; one Selectman, Overseer of Public Welfare and Board of Health, for three years; one Assessor for three years; three Herring Committee for one year; one School Committee for three years; one School Committee for two years; three Constables for one year; one Trustee of Brooks Library for three years; one Park Commissioner for three years; Moderator for one year; one Water Commissioner for three years; Surveyor of Highways for one year; one member of the Planning Board for five years.

See 1938 Town Report.

Article 2. To choose all other necessary Town Officers and Committees.

See 1938 Town Report.

Article 3. To see if the town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

So voted.

Article 4. To hear the report of all Town Officers and Committees, for the year 1937.

Following discussion on Assessors' Report, the Article was accepted as read.

Article 6. To see if the town will vote to instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scallops, within the Town limits as provided in Chapter 91, Section 85, and acts and amendments thereto, to the revised Laws of Massachusetts, and to make any regulations in regard to such fisheries as may be expedient, and act fully thereon.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 7. To see if the Town will vote to place one street light on Pleasant Road, West Harwich, said light to be placed on sixth or last pole in from Chase Street, and to raise and appropriate a sufficient sum for the same.

The Finance Committee recommends that this article be accepted and adopted and the sum of \$17.50 raised and appropriated. Accepted and adopted.

Article 8. To see if the town will vote to erect and maintain two street lights on poles on Depot Street, West Harwich, Mass., one near the residence of Aaron E. Baker and the other at the Junction of Depot and Division St., and act fully thereon.

The Finance Committee recommends that this article be accepted and adopted, and the sum of \$35.00 raised and appropriated. Accepted and adopted.

Article 9. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain two street lights on North Road, West Harwich, between

the State Highway and Smith Street, and to act fully thereon.

The Finance Committee recommends that this article be accepted and adopted and two lights installed on the third and fifth poles in from the state highway, and that the sum of \$35.00 be raised and appropriated. Accepted and adopted as read.

Article 10. To see if the town will vote to erect and maintain two street lights on Wyndymere Road.

The Finance Committee recommends that this article be accepted and adopted and two lights installed, one on the third and one on the eighth pole south from the Lower County road, and that the sum of \$35.00 be raised and appropriated. Accepted and adopted.

Article 11. To see if the town will vote to erect and maintain two street lights on Sea Breeze Avenue near the residence of William M. Sayles.

The Finance Committee finds that there is only one pole on this street, near the residence of William M. Sayles, and used to support wires from Wyndemere Road to a cottage east of Sea Breeze Avenue. They recommend that a light be installed on this pole and that the sum of \$17.50 be raised and appropriated subject to the approval of the location by the Cape & Vineyard Electric Co. Accepted and adopted.

Article 12. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.) for the purpose of constructing a sidewalk in North Harwich; beginning at the four corners near the residence of Irene Baker, and extending northerly on the East side of the street as far as the money will go; the surfacing shall be of hot mix or concrete construction; and act fully thereon.

The Finance Committee recommends that this article be accepted and adopted. Accepted and adopted.

Article 13. To see if the town will vote to raise and appropriate the sum of Eight Hundred Dollars (\$800.) to extend the sidewalk on the East side of Pleasant Lake Avenue and to harden same with bituminous concrete to go as far as money will allow. Accepted and adopted as read. \$800.00 appropriated.

Article 14. To see if the Town will vote to raise and appropriate a sufficient sum of money to harden with bituminous concrete or some other suitable material the sidewalk on the easterly side of South Street, extending from Main Street, Harwichport, to the junction of Miles and Pleasant Street.

The Finance Committee recommends that \$100.00 be raised and appropriated to cut out a walk and harden with gravel at this point. Accepted and adopted as read.

Article 15. To see if the Town will vote to raise and appropriate the sum of Three Hundred Fifty Dollars (\$350.) to harden and improve with oil the road leading from Professor Hersey's road to Uncle Venies road in South Harwich, and act fully thereon. By request.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 16. To see if the Town will vote to raise and appropriate Three Hundred Fifty Dollars (\$350.) to harden and improve with oil the Mitton Road, so-called, and leading from Sisson Road to the town dump, and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed. So voted.

Article 17. To see if the Voters of the Town of Harwich will appropriate Five Hundred Dollars (\$500.) to harden and improve with oil the road in West Harwich, known, as Lothrop Avenue, from the State Highway to the Town Dump, and to act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed. So voted.

Article 18. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (\$1500.) to dredge Allen's Harbor and channel, provided that the State and other agencies will contribute sufficient funds to complete the project; and act fully thereon.

Indefinitely postponed.

Article 19. To see if the town will vote to raise and appropriate a sum of money for the purpose of extending the water main from Park Street to Pleasant Lake Avenue; thence to Main Street and join the water main there, and act fully thereon.

Laid on the table until Art. 44 should be disposed of. It was then accepted as read and \$3,500.00 appropriated.

Article 20. To see if the town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000.) for the installation of heat, plumbing and ventilation in the North Harwich School.

The Finance Committee recommends that this article be accepted and adopted, as they believe that this building should be put into condition comparable to the other school buildings now in use. Accepted and adopted as read.

Article 21. To see if the town will vote to raise and appropriate the sum of Two Hundred Fifty (\$250.) Dollars for the purpose of providing five Band Concerts, to be given by the Junior Community Band and other Cape musical organizations during July and August, at Brooks Park.

The Finance Committee recommends that this article be accepted and adopted. Accepted and adopted as read.

Article 22. To see if the Town will vote that the name of that part of Julien Road in South Harwich, which extends from its junction with Main Street (Route 28), to the corner opposite the property of Sawyer, be changed to Old Wharf Road, and that the name Old Wharf Road be also applied to the continuation of the present town road from

said corner at Sawyer's property to the site of the old Commercial Wharf at the shore.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 23. To see if the Town will vote to accept Section 103A of Chapter 54 of the General Laws Ter. Ed.; and any acts or amendments thereto. Said Section 103A being an act "Providing for absent voting at regular Town elections."

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 24. To see if the town will vote to elect by ballot at the next annual Town Meeting a Board of three Cemetery Commissioners; one to be elected for one year, one for two years, and one for three years; and annually thereafter one to be elected for a term of three years. By request.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 25. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.) to care for and keep in good order, the burial grounds within the town which are not properly cared for by the owners, under the provisions of Chapter 114, Section 16, of the General Laws, and instruct the Selectmen to have the care and protection of such burial grounds.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 26. To see if the Town will vote to raise and appropriate a sum of money not to exceed Fifteen Hundred Dollars (\$1500.), under the provisions of Sub-Section 21 of Section 1 of Chapter 371 of Acts of 1921, and any and all amendments thereof and additions thereto for the employing of a nurse through the Harwich Visiting Nurse Association, Inc.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 27. To see if the Town will vote to raise and appropriate a sum not to exceed Five Hundred Dollars (\$500.) to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the Hospital for the care and treatment of persons certified by the Selectmen to be residents of the Town and unable to pay for such care and treatment, in accordance with Section 74 of Chapter 111 of the General Laws, or take any action in relation thereto, and act fully thereon.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 28. To see if the Town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars (\$2500.) to be used under the direction of the Selectmen for the promotion of public recreation and amusement in the form of Baseball, in accordance with Legislative Acts of 1930, Chapter 12, Section 1, and any acts and amendments thereto.

Accepted and adopted with the provision that \$200.00 be taken from the \$2,500.00 appropriation for use by the twi-light league.

Article 29. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.) for the benefit of Chase Library, West Harwich.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 30. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.) for the benefit of the Harwichport Library Association.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 31. To see if the Town will vote to raise and appropriate the sum of Six Hundred Dollars (\$600.) for the use of Harwich Post No. 292, American Legion, in the proper observance of Memorial Day and Armistice Day, and for other purposes.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 32. To see if the Town will vote to raise and appropriate the sum of Twenty-five Dollars (\$25.) for the expense of an officer finding and disposing of unlicensed dogs, and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed, and that this work be done as a regular duty of the police department. Voted to indefinitely postpone.

Article 33. To see if the Town will vote to raise and appropriate a sum of money for the improvement of Harwich-Orleans Road; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or take any other action in relation thereto.

The Finance Committee recommends that this article be accepted and adopted and the sum of \$3,500.00 raised and appropriated. Finance Committee's report accepted and adopted.

Article 34. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000.) to be expended in connection with W. P. A. work, said money to be expended under the supervision of the Selectmen.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 35. To see what action the Town will take in regard to its Herring Fisheries.

The Finance Committee recommends that the Selectmen be authorized to sell the fishing privileges for one year

at either public or private sale, no sale to be made unless satisfactory terms can be obtained. So voted.

Article 36. To see if the Town will vote to raise and appropriate a sufficient sum of money to install a sprinkler system in the Exchange Building, for fire protection, and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed. A sprinkler system would probably save \$400.00 to \$450.00 in yearly premiums on the \$20,000. of insurance now carried, but the required expenditure of approximately \$3,600. seems too much at this time. Indefinitely postponed.

Article 37. To see if the Town will vote to rescind the action taken at the regular Town Meeting on Feb. 2nd. 1931 whereby it accepted Sections 1, 3, 6 and 7, and Sections 11 to 16 inclusive of Chapter 142 G. L., and all amendments and additions thereto, said act being relative to the supervision of plumbing.

The Finance Committee recommends that this article be indefinitely postponed. State law requires that all towns with a public water supply have plumbing ordinances and a plumbing inspector. If changes are desired we suggest the appointment of a committee to work with the board of health for this purpose. Indefinitely postponed.

Article 38. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.) to extend and repair Town Landing and Breakwater at Pleasant Bay, East Harwich.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 39. To see if the town will vote to rescind the action taken at the last Annual Town Meeting in Feb. 1937, whereby the town voted to accept Article 39 of the Town Warrant to establish a Planning Board.

So voted.

Article 40. To see if the town will vote to rescind the action taken at the last Annual Town Meeting in Feb. 1937 whereby the town voted to accept Article 40 of the Town Warrant to accept the provisions of General Laws, Chapter 41, Section 81F to 81J., inclusive as added by Chapter 211 of 1936.

Accepted and adopted as read. Under this article it was voted to use the unexpended balance from the Planning Board fund to reduce the 1938 tax rate.

Article 41. To see if the town will vote to elect all Town Officers by popular vote that are now appointed by the Selectmen.

Indefinitely postponed.

Article 42. To see if the Town will vote to raise and appropriate a sum of money to pipe water into the Police Station on Sisson Road, and to install suitable toilet accommodations for police officers and prisoners, or what action it will take thereon.

The Finance Committee recommends that this article be accepted and adopted, and the sum of \$200.00 raised and appropriated. So voted.

Article 43. To see if the Town will vote to appropriate the sum of One Thousand Dollars (\$1,000.) to be used for Extensions to the Town Water System when requested; Applicants for Extensions must guarantee the Town 6 per cent. income on the investment. To see what action the Town will take and act fully thereon.

The Finance Committee recommends that this article be accepted and adopted, as it will permit the water commissioners to make short extensions to give service to new customers. So voted.

Article 44. To see if the Town will vote to accept the following: When any extension of a water main is requested upon any street or way, the Water Commissioners shall require before such extensions are made that a bond

shall be given to the Town in such amount and form and with sureties as they shall approve, conditionally that the Obligors shall pay to the Town for a period of five (5) years or as the Commissioners may determine, at the times appointed for payment of water rates, such sums as shall amount in the aggregate annually to six (6) per cent. of the cost of such extension, subject to diminution by the amounts that the Town shall receive annually from rates paid for water by consumers of water connected with such extension. The amount of such cost shall be determined by the Board of Water Commissioners.

Indefinitely postponed.

Article 45. To see if the Town will vote to have all of the Town's accounts audited annually by the Director of Accounts for Cities and Towns, and to act fully thereon.

The Finance Committee recommends that this article be accepted and adopted. Yearly audits have been made for the past few years, and have proven more satisfactory and less expensive than if made at longer intervals. So voted.

Article 46. To see if the Town will vote to procure index maps of the town for the use of the Town Assessors, to raise and appropriate a sufficient sum and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed. The more valuable sections are already mapped, and it is understood that the state is to do work for the towns along these lines. So voted.

Article 47. To see if the town will by ordinance or by-law authorize the Collector of Taxes to be "Town Collector" under Chapter 41, Section 38A, and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed. So voted.

Article 48. To see if the town will vote to elect a Board of Selectmen, a Board of Assessors, a Board of Health, and a Board of Welfare, on separate ballots, fix their salaries, and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed. So voted.

Article 49. To see if the town will vote to amend its by-laws to require a quorum of at least 10 per cent. of its qualified voters and to act fully thereon. It was voted to amend the By-Laws requiring 5 per cent. of the registered voters to be considered a quorum, provided that any meeting may be adjourned from time to time without a quorum.

Article 50. To see if the town will vote to relay and repair the brick sidewalk, a brick approach, in front of the Brook's Block; raise and appropriate a sufficient sum of money to pay the expense thereof, and act fully thereon.

The Finance Committee recommends that this article be accepted and adopted and the sum of \$75.00 raised and appropriated for this purpose. So voted.

Article 51. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.) to stock ponds and streams with fish and for the feeding and propagation of game within the town limits, and that a committee of three be appointed by the chair to have charge of the work.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 52. To see what disposition the Town will vote to make of the Harwichport and West Harwich School Buildings no longer needed for school purposes.

The Finance Committee recommends that these buildings be retained by the town for the present. So voted—with the understanding that the building can be rented to the West Harwich Brotherhood for (\$1.00) one dollar a year.

Article 53. To see if the Town will vote to accept the road as laid out by the Selectmen, known as Hiawatha Road, Harwichport; beginning at Lower County Road and extending southerly over the land of James O. Hulse, the Town of Harwich, and land of Thomas F. Mahan, into Western Avenue, so called, and to see if the Town will vote to deed the small triangular piece of land, being a part of the land purchased from Mrs. Nellie F. Barrett to James O. Hulse in exchange for land taken by the town to complete this road and to act fully thereon.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 54. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.) for the purpose of riprapping on the East side of Herring River, providing the State and private subscription will pay the balance of the cost.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 55. To see if the Town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars (\$2500.) for the purpose of dredging a channel at the mouth of Herring River, providing that Fifteen Hundred Dollars (\$1500.) is raised by private subscription and the sum of Four Thousand Dollars (\$4000.) or more, by the State Department of Public Works, and to act fully thereon.

Indefinitely postponed.

Article 56. To see if the town will vote to authorize the Selectmen, so far as such authority may be necessary to reconvey to Edith Sears and Henry C. Cahoon land and buildings on Depot Street, North Harwich, which were conveyed to the town in 1934—1935 by said Sears and Cahoon, and to cancel and rescind any and all agreements which were entered into as consideration for which said properties were conveyed to the town.

The Finance Committee recommends that the Town authorize the Selectmen to convey to Edith Sears the property deeded to the town by her in 1934 and to cancel the agreements entered into as a consideration for such deed; no action to be taken on the Cahoon property under this article. The Finance Committee report was accepted and adopted.

Article 57. To see if the town will vote to accept property located on Depot Street, No. Harwich, deeded to the town in 1934—1935 by Edith Sears and Henry C. Cahoon respectively, or take any action relative thereto.

The Finance Committee recommends that the Town accept the property deeded to it by Henry C. Cahoon in 1935; no action to be taken on the Sears property under this article. Accepted and adopted.

Article 58. To see if the Town will vote to raise and appropriate the sum of Five Hundred Fifteen Dollars (\$515.) to pay off the mortgage and interest on real estate conveyed to town in 1935.

The Finance Committee recommends that this article be accepted and adopted. So voted—(\$415.) appropriated.

Article 59. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.) to harden and improve Town Property at foot of Bank Street to be used for parking.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 60. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.) provided the County contributes Five Hundred Dollars (\$500.) and the State One Thousand Dollars (\$1000.) for jetty work and shore protection between the Chatham and Dennis lines.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 61. To see if the Town will vote to raise and appropriate a sufficient sum of money to pay for land damage in connection with the widening and straightening of curve on Pleasant Lake Avenue, at Pleasant Lake, and act fully thereon.

Indefinitely postponed. Other land damages will be necessitated through more curve straightening on this road, all settlements to be made at a later date.

Article 62. To see if the Town will vote to raise and appropriate a sufficient sum of money to resurface Lower County Road with pea stone from Main Street, Harwichport, to the Dennis line, and act fully thereon.

The Finance Committee recommends that this article be accepted and adopted and the sum of \$750.00 raised and appropriated, the money to be spent in conjunction with State and County funds to be used for this purpose. So voted.

Article 63. To see if the Town will vote to adopt the following zoning by-laws or ordinances as reported and recommended by the Town Planning Board.

Indefinitely postponed. Ten pages of zoning laws will be found in 1937 town report.

Article 64. To see if the Town will vote to raise and appropriate the sum of \$6,500.00 to purchase and equip a Forest Fire Truck, and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed on account of the substantial amount of other unavoidable expenses this year. So voted.

Article 65. To see if the Town will vote to raise and appropriate the sum of \$1950.00 to build a Fire Station in West Harwich, said station to be located on the School House Lot, and act fully thereon.

The Finance Committee recommends that this article be indefinitely postponed. So voted.

The Finance Committee recommends that this article be accepted and adopted. So voted.

Article 67. To see if the Town will vote to raise and appropriate a sufficient sum of money to defray the unpaid bills of the Police Department, incurred for salaries and expenses, for 1937, or what action it will take thereon.

The Finance Committee recommends that this article be accepted and adopted. So voted with an appropriation of \$518.20.

Memorials read at the Annual Meeting in memory of Henry W. Thompson, School Committee, and Emulous A. Cahoon, who served as Herring Committee for 65 yrs.

MEMORIAL TO HENRY W. THOMPSON

For the first time in many years the Town of Harwich will miss a voice here today. We will miss the voice of a devoted, faithful and beloved public official. We will miss the voice of one who has spoken in the earnest eloquence of sincerity for our children and who has raised that voice to influence his fellow townsmen to consider the future of this community.

He was an elective official of Harwich, served for many years with distinction as a member of the School Committee. He was active in the educational progress of the schools and he rendered conspicuous service as chairman of the School Building Committee. We all revere his memory and we note with deepest sorrow and genuine regret the passing of Henry Wood Thompson. Therefore, be it resolved, that we the citizens of Harwich today accept these resolutions as a tribute to him and to the great sacrifice he made for us and our children.

Be it further resolved that a copy of these resolutions be spread upon the town records and that a copy be sent to the family, and that this meeting stand in a moment of silence as further tribute to one who so faithfully served his country, state and township.

—Harry B. Albro.

MEMORIAL TO EMULOUS A. CAHOON

In the pretty little village of Pleasant Lake there was born eighty nine years ago a man who has been a town officer for over sixty-five years.

He was a family man, quiet and homey and one of our most respectable citizens.

I refer to Emulous A. Cahoon, who died last September and into my mind comes an old verse which I remember and in the archives of memory letter one more name.

The audience stood for a moment in silent prayer and this memento was spread upon the records of the town.

—John T. Wood.

ANNUAL REPORT OF THE SCHOOL COMMITTEE FOR THE SCHOOL YEAR 1938

The progress and activities of the schools are carefully covered in the following report of the Superintendent of Schools. We will, however, outline briefly some of the things that have been done.

With the introduction of new departments in our High School we have had many problems to consider. This year we have completed equipping the Home Economics department. This department is now in full operation and has proven very beneficial in its instruction. Much equipment has been purchased for the Gymnasium and Shop. We were fortunate in securing the services of our Shop Instructor, Mr. Harry Kanis. He has proven very satisfactory.

We are considering improvement of the grounds surrounding our new High School during the coming year.

The North Harwich school has been modernized with the installation of heating and plumbing. This was greatly needed and is certainly appreciated by the children attending school there.

Contract for the transportation of school children expired in June and we were very fortunate in renewing the contract at the same figure considering the fact that new modern buses were purchased this year.

We feel that the schools under our Superintendent, Principal and efficient Corp of Teachers have accomplished a great deal during 1938.

In closing we extend our thanks to those who have helped to make our schools a success during the year.

NORMAN E. HOLMES,
LORING G. WILLIAMS,
HOWARD C. CAHOON,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Harwich:

The following constitutes my report of the Harwich Schools for the year 1938.

In this report you will find sections from reports submitted to me by the Principal of the High School, the Supervisors of Music and Art, the School Physicians, the School Nurse and the Supervisor of Attendance. There are also included the various statistical tables and information which we have been accustomed to report in that manner.

NORTH HARWICH

During last summer vacation the building at North Harwich was completely renovated inside. A new heating plant was installed, running water and inside plumbing, heating and ventilating systems were provided. Boys' and Girls' toilets with running water and wash basins have been built in the space formerly occupied by the lower and upper corridors. A new central front entrance with stairs leading to the second floor and basement improves the outside appearance as well as the inside of the building. All floors were sanded and finished, the interior was redecorated throughout and steel lockers for pupils' use were built into the inside walls of the class-rooms.

This old building has thus been converted into a modern school plant and one which may be considered very satisfactory for use of the first six grades.

HIGH SCHOOL

It is a source of much satisfaction to note that an active organization of the Alumni of the High School was started during the first commencement period at the new building. An active alumni association can contribute

much to the dignity of an institution like this. It is well for a student body to be aware of the traditions established during earlier years and to feel conscious of the influence the school may have had in helping others to live lives of usefulness wherever they may be. The school would also be happy if it might be an agency whereby old friends are reunited and new acquaintances made. The activities of the president, Mrs. Mary Stanford and the Secretary, Mr. John H. Paine have been largely responsible for the calling together of this fine body of people in the halls of their old Alma Mater.

The new High School is beginning to get its stride. There are ahead many things which we anticipate may and will be done to improve it. After one and a half years in the new building, we are glad to render a report which might easily seem to be that of an entirely different school than was reported two years ago. It is to be expected that new interest and increased loyalty to higher aims and ideals will continue to be developed.

According to Mr. Morris: Three years ago when the enrolment in the High School reached 215 and had maintained that figure for two years, we thought that the peak had been reached. The number of pupils last year was 209. However, the enrolment for this school year has shown an unprecedented rise as indicated on TABULAR STATEMENT OF MEMBERSHIP BY GRADES AS OF OCTOBER 1 for YEARS 1928-1938 also MEMBERSHIP BY SCHOOLS October 1, 1938.

As the grades get higher, the number of pupils gets fewer. The question is: How many pupils entered the school in these classes?

In June 1939, we expect to graduate a class numbering 27. In the seventh grade, there were 59 in this class. Last year we graduated 26; there were 39 in the beginning. In 1937, 21 graduated from a start of 51. In 1936, 13 completed the course out of 34 beginning.

Leaving for a time consideration of those who do graduate, let us turn our attention to those who do not graduate and ask this question: Has the public school in Harwich done all in its power to prepare these boys and girls to be worthy citizens, to train their minds in the fundamentals of living and their hands in useful skills for the earning of a livelihood. The conditions of the above question seem to be the primary purposes of a public school.

The town should be aware that the school is really doing something definite and specific to meet this challenge. If you recall the listing of the facilities of the new building, together with an account of its beginnings, in the report of a year ago, you will appreciate the fact that the present program is a practical one with previously stated aims as its goal.

A useful citizen should be a healthy citizen, both in mind and body. The procedure in Health and Physical Education is based on the findings of the health examinations given at the beginning of the school year. The actual physical condition of the child is noted. Instruction in physiology is given in order that the pupil may understand cause and effect. Then, exercises and games of a corrective nature, if any are needed, are conducted under the leadership of a trained instructor. The school physicians have informed us that the general health of the pupils is more satisfactory than has been the case.

The Science classes are less theoretical and more practical. The pupil is taught to understand the natural phenomena about him. He is taught to use and repair the common devices found in his usual experiences. He is guided in his thinking so that he will thru his own efforts be able to solve more satisfactorily many of the perplexities he will meet.

The Commercial Department is practical. If the work is mastered, the pupil should be able to keep books, to

do rapid stenography and accurate typing. These are salable skills and desirable ones.

In the Household Arts Department we are following an expanding course of study, much more comprehensive than the usual cooking and sewing. We expect it to be of such a nature that the mastery of all or any part of it will be of considerable benefit to the pupil. The work being done is very commendable. Interest in achievement is high. Many of the girls are doing a high grade of work and enjoying it fully.

The achievement in the General Shop Work is fulfilling our expectations. We understand that every boy in the department has or soon will have actual experience in carrying on projects which involve skill in manipulating all of the power tools as well as the hand tools, not alone with wood, but also with metals both hot and cold, electrical devices, painting and cement mixing. Projects now underway range anywhere from the repairing of a two-inch toy to the construction of a twenty-one foot sailboat. We feel that the boys getting this constructive training will become more useful members of society.

The other departments of the school are carrying on their usual good work.

Mr. Morris expressed his pleasure in having such a competent and cooperative staff of trained men and women assist him who are exerting every effort to be of greater service to the children of Harwich. He also expresses his thanks to Mr. Edwin M. Surprise for the many useful gifts which he has presented to the school.

Grateful appreciation is also expressed to Mrs. Edwin K. Bearse for the gift of a complete set of taps and dies and a set of carving tools in token of the interest of her late husband in the development of the shop work in the New High School.

We value these gifts not only for their intrinsic worth but for the expression of interest and loyalty which they convey.

ART

Since September 19, the work in Art has been under the direction of Mrs. Beulah S. Bowers who is a teacher of wide experience and thoro education. Interest has developed strongly during her short term of service. She reports a good foundation of drawing as having been laid in the first six grades. There is need, however, for further advancement in work above the sixth grade. We find interest among the High School pupils but thus far time in the program and space for the work have not been worked out in sufficient detail to secure best results.

Craft work other than drawing such as painting, carving, moulding, design and lettering might well be added to the work of this department. As a source of future revenue, as guidance in choosing a field for further study or as a source of personal enjoyment, this work presents great possibilities.

VOCAL MUSIC

This department has also had a change in leadership. Miss Charlotte Patch carried the work for a period of seven years during which time marked improvement in interest and achievement was seen. Since the opening of school in September, the vocal music has been conducted under the direction of Miss Iris Kelman.

Miss Kelman divides her primary music into three activities; singing, listening, and rhythms, such as walking, running, marching, etc. Note reading is introduced in second grade and continued through succeeding grades till during the fifth and sixth grades the pupil is expected to read the syllables of songs he sings. Two part songs are introduced in fourth grade and the three part songs in the

fifth and sixth grades. Tone, time and theory are also stressed.

Expression, tone, mood, appreciation and acquaintance with sounds of different instruments are taught by use of records.

Part singing is further taught in Junior High School. History of the development of American music is a part of the work of these grades.

In the Senior High School chorus the three and four part music constitutes a major part of their work. Emphasis is placed in teaching love of music rather than music alone. Success depends upon individual response and cooperation.

INSTRUMENTAL MUSIC

Mr. Nassi reports: The people of this district have been very generous in their financial support. Their moral support is even more needed in furthering the interest of music. There is a great danger in the fact that people come to take certain activities for granted. As a result, whatever has been built up thru years of effort may be destroyed thru the indifference of the people.

During the past two years, I have been interested not only in promoting a group organization such as an orchestra or band, but I have been influencing a more generous use of small ensembles such as instrumental and vocal trios, quartets, quintets, etc. It is advisable that such groups should be encouraged because of the small number of people involved. They can get together more easily. They can assemble at the homes of the various players. An examination of the musical culture of other races reveals the vital place which this type of music had in the development of the people of those countries. The *Musique de Chambre* in France, the *Haus Musik* of Germany and the *Chamber Music* of England have done much towards the development of culture. The wealth of music of this period which exists

proves the interest of the people as well as of the great masters in this field.

I have been trying to encourage this type of ensemble not only on Cape Cod but also in the New England States through the New England Supervisors' Conferences and my position as Chairman of the Solo and Ensemble Committee of this organization has helped me very much in furthering this cause.

My aim is not only to help develop those who have unusual talent but also to help the average child as much as his talents will permit.

I am again expressing the wish that our principals would be able to arrange their school programmes in such a way that the schools would avail themselves of the opportunity of listening to the Damrosch Concerts. There are many schools which have a great many more curricular activities than we have and find it worthwhile to give a half hour each week to listen to these concerts. Most of our schools have good assembly halls and radios. I hope that our principals will realize the tremendous value of these concerts and arrange for the pupils to listen to them.

The musical organizations of the schools are many. They not only serve their communities with such activities as their annual concerts and by joining together to form the Monomausett Orchestra and the Lower Cape School Symphony Orchestra, but they also participate in many state and New England Festivals.

The Cape Cod Junior Community Band also does a great deal towards giving the pupils and public a real service. The summer concerts are attended by thousands and are received most enthusiastically.

The Cape Cod Philharmonic Orchestra is having a more successful year now than it has ever had before. This organization gives the opportunity to graduates of our high

schools to continue to enjoy music. The Chatham Band, the Provincetown Band and many other organizations also give this opportunity to the graduates.

The instrumental classes in Harwich are as follows:

Beginners	15
Junior Orchestra	22
Senior Orchestra	24

ATTENDANCE AND CENSUS

Since September the work of this department has been in charge of Mr. Victor S. Ryder who succeeds Mr. John T. Wood as Supervisor of Attendance.

Mr. Wood rendered most excellent and faithful service and we were sorry indeed that he was unable to continue. Mr. Ryder has taken up the work and is showing excellent results. He says:

In rendering my report as Supervisor of Attendance, I wish to say that during the month of October a Census was taken of all children in the town between the ages of five and twenty-one. I find in many of my investigations that poor attendance is caused thru lack of shoes and proper clothing. There have been some cases of truancy all of which have been apprehended and brought into school.

It is well to note that the functions of a Supervisor of Attendance are much different than those of the old time Truant Officer. The Supervisor of Attendance has charge of the School Census thus he has information as to what pupils are eligible for school. He is in close contact with the School Nurse, the School Physicians and the Welfare Department so as to be in possession of knowledge which enables him to judge whether health or privation are factors which must be considered. He should issue work certificates and thereby be informed concerning the people who are by nature of employment excused from school attendance. In fact his work is to supervise school attend-

ance and to take such steps as are necessary in order that every child may have those school opportunities which the public requires and provides. It is an important work and it requires energy, tact and care.

HEALTH

Miss Adelyn J. Peabody, R. N., School Nurse reports:

For the first time the Harwich Visiting Nurse Association has an office in the old High School Building which has proved invaluable—the School Secretary takes any message during school hours and her help has been greatly appreciated by the Association.

The dental clinic held by Dr. W. E. Turner of Marion has accomplished a great deal, special attention being given to first teeth. A permanent record has been kept of all work done.

In August, 30 children were given the Toxin Antitoxin for Diphtheria by Dr. Goff. 20 children were vaccinated at the same time by Dr. Nickerson and Dr. Rowley. Vaccination is a State requirement for children entering school and parents should see that this is done. Immunization from Diphtheria is not compulsory but any child six months and over should have it.

One pre-school child was admitted to North Reading Sanatorium for Tuberculosis — one nineteen year old girl admitted to Pocasset for treatment — two other children were examined at the Wrentham School, another child is taken to the doctor's office weekly for treatment.

Five pairs of glasses have been supplied to children — several pairs of shoes also, so the pupil may stay in school.

Many home visits have been made on children who are absent from school the beginning of the third day if reason is not known.

This year the Chadwick Clinic was held in Grades 9, 10, 11, 12. 80 children taking the Mantoux Test and all positive were X-rayed later. 95% of the teachers had chest plates taken at the same time. This Clinic will not be held again for three years.

Dr. Nickerson and Dr. Rowley completed the physical examinations in the schools and they felt the children were in very good condition. Pupils who have had common colds and impetigo have been excluded from school.

Free milk has been distributed again this year by the Harwich Visiting Nurse Association.

The School Physicians, Dr. John P. Nickerson and Dr. H. F. Rowley report: As School Physicians we are pleased to submit a favorable report on the general health of the school children. The incidence of epidemic illness has been very low. The total number of school days lost from contagious disease during the past year has been almost negligible.

We have noted with satisfaction that the parents are obviously trying to correct the physical defects noted in the physical examination. For example, the condition of the children's teeth is much better than the condition found a few years ago.

A serious attempt is being made to improve cases of malnutrition. The lunches which are provided so inexpensively at the school are of considerable help with this problem. Thanks is also due to various charitable organizations who have made it possible for under privileged cases to receive milk at the school.

We feel that our one greatest problem so far as the children's health is concerned is the problem of the common cold. This malady, considered so lightly by many parents, causes children to lose more school days than any other cause. Also, children who attend school while suffering

from colds do a poor grade of work and their school attendance is more of a detriment than help. We, therefore, as school physicians think that all parents of children suffering from colds should have them remain at home. We take this attitude knowing full well that it may spoil some perfect attendance records. However, we feel that the good results for the child himself and his fellow pupils will justify this procedure. In cases of acute colds where the parents have not voluntarily kept the child from school, we plan to have the nurse take such a child home, on the grounds that he is a contagious hazard to the other pupils.

In the above report we have attempted to outline some of the activities of the year 1938.

The school organization is composed of some four hundred ninety-five pupils, twenty-four supervisors and teachers, a school nurse, two school physicians, a supervisor of attendance, four janitors, two bus drivers, a secretary and a superintendent under the direction of a school committee of three. Most of us devote our entire time to Harwich Schools tho a few are employed part-time, and some have work in other towns.

I have not attempted to enumerate the number of parents and other citizens whose interest and efforts contribute so vitally to the work of the schools.

The record of a year is dependent upon the cooperation, understanding and confidence of all the above. It is a very human organization engaged in an effort to promote human interests and human value. Let me recognize my own debt to all the above and express my appreciation of the cooperation of those concerned.

Respectfully submitted,

CHARLES H. PRATT,

Superintendent of Schools.
